

FIFTH ISSUE - JANUARY 2020

# VIHAAN

A HALF-YEARLY NEWSLETTER OF AMBALIKA  
INSTITUTE OF MANAGEMENT & TECHNOLOGY

**“EVEN SKY IS NOT THE LIMIT FOR US”.**

It is our half-yearly newsletter and we'd like to thank the readers of this newsletter for their interest, to faculty and students alike for their participation. We hope for the next issue we get many more interesting articles. We wish our students All the Best for their future accomplishments.

The enthusiasm and dedication shown by our students while showcasing their talent at different Institutions have brought pride to our college.

Our students have performed well at different cultural extravaganzas held at IIT, IIM.

We are proud of our students as they have also used their talent to highlight many social causes.

.

## FROM THE EDITOR'S PEN

It gives me immense pleasure in presenting 5th edition of "Vihaan" our biannual news letter. We are highly indebted to our patrons for giving us continuous support in our endeavor in bringing out this news letter. In fact this news letter provides a platform to provide wings of creativity to our students and we expect them to utilize this platform to the fullest possible extent.

Good luck

Ravi Shanker Mishra

## AND SUB EDITOR'S INK:

We as team at Vihaan express our gratitude to the patrons and readers of Vihaan which shall go long way in providing a platform to our students in bringing out their creative capabilities. This is 5th edition in row and we have to go a long way and we are aware of our responsibilities.  
Swapnil Sharma.

*"Nothing has ever  
been achieved  
Without great  
enthusiasm"*

# PATRON'S MESSAGE:

AMBIKA MISRA

Vihaan has come up as a platform for our students to showcase their talent. It is achieving its goal for the students, of the students, and by the students. In addition, if I don't mention the efforts of our members from the faculty who contributed a lot to the present format and success of Vihaan, it shall be an injustice to them. I wish Vihaan All the best for its future editions. Since it is the fifth edition of the newsletter, I know that faculty and staff have to do a lot for continuity and success. I wish them Good luck.

## DIRECTOR GENERAL'S WISH:

DR. S.Q.ABBAS.

It gives me immense pleasure in congratulating our team at Vihaan in bringing out the 5th edition of Vihaan. A great job is done. Best wishes for the future.

## DIRECTOR'S FEELINGS:

DR. ALOK MISHRA.

At the very outset I congratulate the team of Vihaan for successfully bringing out the fifth edition of Vihaan in a rope in a timeline 3 years is not a long time and we have to go miles to reach the destination of success which sometimes appears to evade you but ultimately it's yours if you continuously endeavor for it. Good Luck Vihaan.

## ACCREDITATION:

Highlight of this half of the year was accreditation of our college for Computer Science & ME Department by National Board of Accreditation (NBA). In accordance with the AICTE Norms all the Engineering Colleges in India have got to be accredited before 2022 as our country has been a signatory to the Washington accord.

Of all the colleges in Lucknow region and most of the colleges in Uttar Pradesh when others were thinking to apply for NBA we got it completed and the credit goes to the Team work as the entire college worked as a team to get the accreditation nothing to say about the respective departments i.e. CSE and ME.

This shall be pertinent to mention that we were accredited because all the systems as imbibed in NBA process were already available in our college thanks to the vision of promoters.

*“Your Future Is  
Created By What  
You Do Today,  
Not Tomorrow.”*

# PLACEMENT ACTIVITIES & SUPPORT:

Through our Placement cell numbers of activities were conducted from July'19 to December'19 i.e., half of the year under consideration this resulted in more than 60% placement across all the departments and provided wonderful job opportunities to the students. In addition, placements support activities which included various counseling sessions and seminars in our college through various speakers and motivators were organized.

Niti Aayog sponsored seminar for the Department of Civil Engineering was organized on 17th of October 2019. A career counseling seminar on study abroad was organized in the college courtesy university of South Australia

On the 19th of September career counselor and Sr. Journalist, Shree Dinesh Pathak delivered a wonderful lecture on prospective placement for students.

On the 22nd of November, a seminar on career opportunities in the development of Atomic Energy was delivered by Dr. S. K. Singh senior scientist in BAARC.

# INDEPENDENCE DAY CELEBRATION:

This year also, Independence day was celebrated with enthusiasm. Flag hoisting was organized in the ground in front of the central hall followed by a session of lectures by DG Sir, Director Sir, Advisor Diploma.

All the lectures were focused upon nation building and our loyalty towards our nation which should be paramount in our lives.

Nation-building is a continuous phenomenon and we all should strive for that. We should not count what nation gives to us instead we should think in terms of what we can do for our nation. We should understand that barriers of religion, region, caste, creed, and gender are artificial barriers in the development of our country as a whole and we should rise above all these artificial barriers in our national interest.

## LECTURE FROM INDUSTRY:

In the month of September, a series of lectures was organized by the Department of MBA on Marketing Banking and Finance from the Experts in their fields courtesy of the Lectures Department of Business Administration this session was organized for all the students of the MBA Department and all the branches of engineering whosoever were interested. Speakers concentrated on various aspects of marketing banking and finance and their lecture was followed by a Q&A session.

# WORKSHOP ON STARTUPS COURTESY ASSOCHAM:

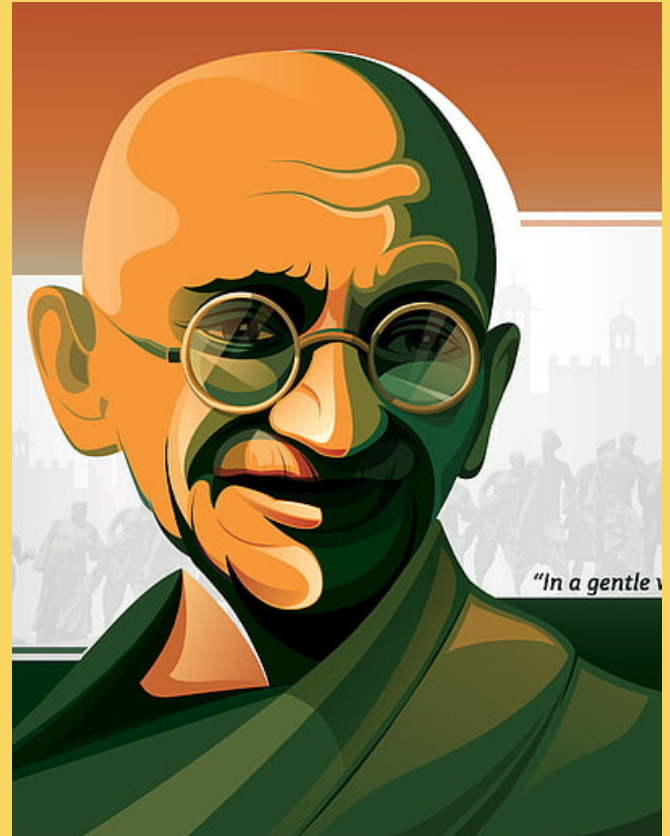

A workshop was organized in the month of September to promote the feeling of creating a startup amongst the students. It has been our policy to create such a feeling and craving in the students to go in for their own startups instead of seeking a job. Department of Business Administration in collaboration with ASSOCHAM invited a few successful entrepreneurs who created their own companies and doing well in the market.

# GANDHI JAYANTI CELEBRATIONS:

Gandhi Jayanti was celebrated with enthusiasm on the 2nd of October in the seminar hall in which speakers talked about the views of Gandhi on Nation Building. A debate competition was also organized on the relevance of Gandhi in the 21st century.

## WORKSHOPS & SEMINARS:

Regular workshops and seminars are organized in our college every year to address the needs of the industry-academia interface and this half of the year was no exception. In addition to the departmental workshop and seminars, university-sponsored workshops on TEQIP-III were the culmination of such activities where students of various departments were given exposure to the various recent trends in the industry. This shall not be out of place to mention that such workshops are a tool for value addition in any student's academics.

# TECHNICAL CLUB ACTIVITIES:

The formation of technical clubs in all the departments has been the highlight of this half of the year. These clubs have been formed keeping in view the curriculum gap between the requirements of the industry and academia. Under these activities on every last Saturday of the month, activities are organized to motivate our students and bring out their creative abilities as well. 1st activity was organized on the 19th of November in all the departments wherein all the departments were engaged in impromptu lectures of the students on various recent topics.

# LECTURE AND DEBATE ON INTEGRITY, COURTESY NATIONAL THERMAL POWER CORPORATION:

The importance of integrity in life can't be underestimated under the auspices' of the National Thermal Power Corporation a lecture and debate competition was organized in the month of November on its 7th date and speakers from NTPC underlined the importance of integrity and honesty in one's life. Students enjoyed the session and participated in the debate with enthusiasm.
