ASME (Assess My Managerial Expertise)

Goals:

- To enrich the presentation skills
- To develop the question-handling skills
- To enable students to develop their SWOT analysis
- To help students in managerial gap analysis.
- To enrich the business skills by identify present set of skills and improvements.

Method used: The students are given assignments and asked to make a presentation in the conference hall in front of seniors and juniors.

Assessment and Evaluation Methods: The audience ask the questions related to the assignment. At the end of the session the feedback is provided by the audience regarding the presenter's strength and weakness on the parameters- use of presentation tools, content, confidence, Grammar and questions-handling. in case

Strength and Weakness:

Strength:

- This enables students to recognise strength and weakness.
- This increases students' communication skills
- This increases students' subjective knowledge
- This fills the gap of lacuna in the course outcome

Weakness:

- There may be subjective biasness of the evaluators
- There is lack of industrialist as evaluators.

Significance results: Students will be able to recognise their skills preparedness based on assessment and evaluation received at the end of this event.

Dr. Praveen

ASME (Assess My Managerial Expertise)

(2022-23)

Assessment Procedures and Outcomes

1. Task assigned to students- *Why I should be hired?*
2. Assessment: Students are to be assessed on Five parameters by *Two internal experts and peer students* using the Likert scale (1: Below Average; 2: Average, 3: Good, 4: Very Good, 5: Excellent).
3. Parameters are:
 - a) **Content:** How strongly a student present his arguments for the job position in his/her choice of business sector with facts?
 - b) **Confidence:** How much does a student believe that he/she can be hired?
 - c) **Clarity:** How does a student present his argument?
 - d) **Fluency:** Is he/ she fluent in speaking?
 - e) **Body language:** How his/her gestures and postures are?
4. Outcomes:
 - a) Students are to be informed and discussed on where they need immediate improvement on the specified parameters.
 - b) The threshold Value is 3 (If the score is below 3, a student needs immediate improvement on the parameter).

Dr. J. K. S.
